PROFILE

Designer and UX researcher with experience in client application redesign, learning-experience prototyping, and workflow improvement. Combines client-facing research with a design-engineering background in SolidWorks and Oracle data migration.

PRODUCT DESIGN AND UX RESEARCH

UX Researcher 2022-2026

Tech Fleet Community DAO | Volunteer

- Co-designed app engagement features with a cross-functional team and presented recommendations to the client, who incorporated elements into its live product.
- Designed and conducted user interviews, surveys, and A/B tests for an application overhaul, synthesizing findings into product recommendations.

Design Lead 2023-2026

Active Learning Adventures

- Used SWOT analysis, primary research, and academic learning literature to inform feature priorities and product concepts.
- Created rapid prototypes and used playtesting and stakeholder feedback to revise learning-experience concepts.

SELECTED INDEPENDENT WORK

Letter River | Independent prototype

- Designed and built a Hebrew letter-to-sound matching prototype. Documented practice flows and interface decisions in a case study.

DESIGN ENGINEERING

Design Engineer 2018

SIG SAUER

- Automated the migration of inventory and ticket data from large spreadsheets into Oracle.

Design Engineer May 2015-May 2017

IDL Worldwide

- Worked with the team to reduce SolidWorks store-drawing turnaround from 8 hours to 2 hours, then personally reduced it to 37 minutes.
- Digitized 500+ AT&T retail locations in SolidWorks for nationwide Apple fixture installations.

ADDITIONAL EXPERIENCE

South Street & Vine | Assistant Manager | 2018-2025
Managed customer service, inventory, purchasing, and supplier coordination.

SKILLS AND TOOLS

Research and design: usability testing, research synthesis, interaction design, rapid prototyping.
Tools: Figma, Adobe Creative Cloud, React, JavaScript, CSS, GitHub, Netlify.
English: native. Authorized to work in Israel.

EDUCATION

CareerFoundry | UX Immersion | 2021

Keene State College | B.S. Sustainable Design | 2011
